TO ALL HIGH SCHOOL SENIORS:
The last year of high school is a very special time in your life. It’s time for you to say goodbye to your teachers who helped you learn everything you know today and to your friends who were always there for you when you needed them. You will always cherish these memories and look back at your senior year with nostalgia and gratitude. But also it’s time for you to take a next step, find your path in the world, and start building a foundation for your future. You have so much ahead of you - so much to do, accomplish and achieve, so don’t waste time. Use it wisely because it’s the most valuable and limited resource you have. Remember, if you want to have a rewarding career and meaningful life, you need to have working skills and a college degree, and that’s where we can help you.
