

## ANNUAL SECURITY AND FIRE SAFETY REPORT

Campus security and safety are important issues in postsecondary education. In recognition of this fact, and in keeping with applicable state and federal requirements, the College publishes each year an Annual Security and Fire Safety Report. This Report discloses information concerning campus safety and security policies and procedures, as well as statistics regarding certain types of crimes reported to the campus and local law enforcement during the prior calendar year. Among other things, the Report includes policies and procedures relating to:

- Security Awareness
- Security of and Access to Campus Facilities
- Possession, Use, and Sale of Alcoholic Beverages of Illegal Drugs
- Reporting of Crimes and Emergencies
- Fire Safety
- Emergency Notifications and Timely Warnings
- Crime Statistics

This Report also incorporates the College's Sexual Misconduct Policy, which is included as Appendix A to the Report and informs the campus community of the College's procedures for reporting incidents of sexual misconduct, and for the investigation and remediation of such incidents.

This Report thus provides students, prospective students, employees, and prospective employees with key information regarding the security of the campus and surrounding areas, and ultimately, creates a safer, more secure campus environment.

The most recent Annual Security and Fire Safety Report is set out below. To request a paper copy of the Report for a specific campus, or for assistance with any of the information discussed therein, individuals may contact one of the College's Title IX Coordinators using the information below.
